

EQ SYSTEMS

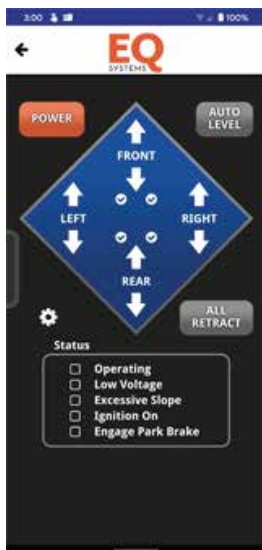

HYDRAULIC LIFTING & LEVELING SYSTEMS

The Industry's new standard,
changing the way leveling is done.

EQ SMART-LEVEL

allows you to level your coach
with your smart phone by using
built in Bluetooth capability. The
automatic, one touch operation
levels your vehicle in less than
two minutes.

This is the same quality leveling system
used by top manufacturers in the RV
industry and is now available in
installation friendly kits.

Compatible with
iPhone, Android,
and many multi-plex
systems for
OEM applications.

SYSTEM ADVANTAGES

- One pump operates all legs and can be mounted virtually anywhere
- Bluetooth capability
- One touch, push button EQ Smart-Level operation
- Field adjustable null ensures leveling to operator established level position
- Audible and visual prompts notify user when leveling is in progress and complete
- Audible and visual prompts warn of “drive-off” situations on motorized vehicles
- Stow legs quickly and easily with auto All Retract
- Variety of manual override options are available
- 12 or 24 volt systems
- Level accuracy to within 1/2 degree

CLASS A & CLASS C MOTORHOME SYSTEM

SL 11, 13 & 15 SERIES

Designed for use on Class C and some Class A Motorhomes

SL 16, 18 & 24 SERIES

The taller design offers more stroke and lifting capacity for larger diesel motorhomes and fifth wheels

FIFTH WHEEL SYSTEM

This system has the same advantages as our motorhome systems. It also features independent operation of both front legs for hooking and unhooking from your tow vehicle. Also available with square legs for the front landing gear. Comes in 4 or 6 point configuration.
